

Are you concerned about your child's behaviour?

- easily distracted?
- messy and disorganised?
- loses interest quickly?

or

- never sits still?
- has difficulty waiting his/her turn?
- acts without thinking?

Come along to find out more about inattentive, hyperactive or impulsive behaviours in young children (aged 3-7 yrs) and how we can help.

I dreaded family days out, and the meltdowns in public - now it is so much easier to enjoy time together

Homework was a daily battle that often ended in tears - I've learned how to help her be successful

Every morning getting out to school was awful, I'm sure the neighbours wondered what all the shouting was about. Now I have a calm peaceful house - most days!
